Pinot noir Vin de France Cave de Gortona

Gortona, the Gallo-Roman

The country of Sancerre was undoubtedly occupied by the Roman Empire. It is possible to think that there was an oppidum on the rock of Sancerre and that the ancient urban core overextended to Saint Thibault, "Gortona" at this time. Archaeologists found remains of Roman villas and Roman ruins. The Loire crossed by a bridge has made this area a favourable market place. Gortona became then a farming village and after that a wine-growing village, hence the origin of the name.

100% pinot noir de Bourgone

The vines are planted on clay-limestone soils ideal for pinot noir.

Once the grapes have been picked, they are inspected and destemmed to remove any stems or any berries that are spoilt.

Then, the pinot noir is conveyed to stainless steel tanks for a cold skin maceration. The vatting time is short to maximize the fruit and to obtain an easy drinking wine.

Then, the juice undergoes an alcoholic fermentation during 2-3 weeks at a controlled temperature of between 18° C to 25° C.

After devatting and blending pressed juice and free-run juice, the wine rests in stainless steel tanks until the bottling is done at springtime.

An elegant pinot noir...

It has a very beautiful ruby colour and a fine nose, with strong aromas of red fruits.

This charming wine evokes a sensation of roundness and is full of fresh rasperry and strawberry flavours.

Serve between 12°C to 14°C
